

Assembly Instructions - Cupboard HB-II

Attention:

Storage cupboard is made from high quality laminated chipboard for maximum resistance and long service life.

Der Lagerschrank besteht aus hochwertiger laminiertes Spanplatte für maximale Beständigkeit und lange Lebensdauer.

Drawers assembly

Use B3 screws to screw wooden drawer bars to right and middle side of cupboard. Holes for screws are predrilled. Repeat the same on middle side of cupboard

Verwenden Sie B3-Schrauben, um Holzschubladenstangen an der rechten und mittleren Seite des Schrankes anzuschrauben. Löcher für Schrauben sind vorgebohrt. Wiederholen Sie das gleiche auf der Mitte des Schrankes

X = lower predrilled holes for stretchers if cupboard is used.

Assembly instruction:

1. Place base (5) Top Rail Support (4) Back Leg (3) and Front Leg (5) with Bench dog holes (2) with dowel holes facing inward as shown (Fig.1). Attach the Base and Top Rail Support to the Front Leg with Bench Dog Holes (2) and Back Leg (3) using four Dowels (18) and Glue (20) for each. **Hint: Do not fill up holes by glue. Smear dowels by glue and insert them into the dowels holes.** Use the inner holes. The outer hole on each side of Top Rail Support (4) will later be used to attach the bench Top (1). Repeat this process for the other leg assembly.

Fig. 2

Fig. 3

2. Use two Dowels (18), one M-12x100 Hex Bolt (11) Washer (13) and M-12 Nut (12) to attach each Middle Stretcher (6) to the leg assembly (Fig. 2 and Fig. 3) Make sure the Bench dog holes in the legs are all facing forward. Repeat this process for the other leg assembly.

Fig. 4

3. Place (insert) the cupboard into the bench base and use two Wood Screws 4x40mm (screws from assembly instructions of cupboard HB-II) (Fig.4).

4. Continue in assembling by assembly instructions of the workbench.
